

Be the Spark of Love

UK Youth

Its a new day
To do something great
Be the person you want to be
Lend a helping hand
Doesn't have to be grand
The small things always make a change

Look in the mirror,
what do i see
a person staring straight back at me
do my thoughts, words and deeds,
harmonise with the inner me

CHorus

Be the spark of love
Spread the word
love and peace is the way
a smile can go a long way

Verse

See the man across the road
struggling at the cross roads
be the steady hand he needs
Restore his faith in humanity

Young one he says
you just made my day
a little goes a long way
he carries on his day with love

Be the spark of love
Spread the word
love and peace is the way
a smile can go a long way

Sow the seeds of kindness

Be the spark of love

love and peace is the way
a smile can go a long way

what do i see
a person staring straight back at me
do my thoughts, words and deeds,
harmonise with the inner me
