

## **Beacons of the nations**

Let's be who we are  
A lady is a star shining bright  
She changes darkness into Light  
Her virtues are her beauty  
Love and Truth her duty

*We are the beacons of the nations,  
our heads, hearts and hands work for spiritual transformation,  
loving thoughts, words and deeds uplift our homes, and families needs*

Let's be who we are  
All ladies have the power To fondle and to shower  
Love and Truth our duty,  
And virtues, such as Beauty.

*We are the beacons of the nations,  
our heads, hearts and hands work for spiritual transformation,  
loving thoughts, words and deeds uplift our homes, and families needs*
