(1)

Help Ever Hurt Never  
Siyang Luit Dibang Ranganadi\*  
We are artisans of the new age  
Of the Subansiri river bank\*  
New revolution new consciousness  
Millions of dreams for transformation  
Let's proceed and sing valiantly  
Help Ever Hurt Never

(2)

We are the millions future of the century  
Never Ending Evolution of prospering India  
Blue sky of the new rise is unseen  
O The blue sky of the civilized world is  
Unseen today

(3)

Globalization, Liberalization  
Make long standing the dissonant  
Fishing by a bamboo scoop and dreaming  
In the sweet taste of Bao rice\*
