

LASA Song Title: Love Shall Overcome

Love, is in each man's heart
Spreading love can make wonders
If we all speak that One Language
LOVE SHALL OVERCOME

Love, within our souls
Has the power to change the world
Together if we stand as One
LOVE SHALL OVERCOME

Send the love, to all
Across the Universe
Let the Love rule the World
And bring Us, Together as One

Send the love to all
Across the Universe
Let the Love heal the world
And bring us together as one.
