**Light up the world with a smile, come on let us go green
Let us value mother earth, and make it worth to live
Together we live, just like a family
Together we sing, in peace and harmony**

Light up the world with a smile, come on let us go green
Let us value mother earth, and make it worth to live
Together we live, just like a family
Together we sing, in peace and harmony
The nature's so pure, we keep it heavenly
Together we sing, in peace and harmony
