

Voice of Truth

(intro David guitar)

verse1

There's a voice, voice of light

When it speaks to me it shines so bright

Guides me when I can not see

Gives me wings when I feel un-free

bridge

It whispers and yet is loud

Grows inside and melts the heart

Rise me up from the jungle to the endless sky

chorus

Oh inner voice, what's the truth

Can I share it with the whole wide world

Oh inner voice what's the truth

Show me the divine secret unfurled

(Interlude David guitar)

verse2

There's a voice, voice of light

when it speaks to me it clears my mind

My true self, it allows me to be

from this illusion, yes, it sets me free
